

# WINTER STREET TREE PROGRAM

## PROGRAM INFORMATION

The Winter Street Tree Program aims to maintain and expand urban tree canopy in our residential areas. Through the Street Tree program, trees are supplied and planted on the verge at no cost to residents. The tree(s) will require watering approximately twice a week within the first year, to ensure that they have the best chance to establish.

Pruning and ongoing maintenance of the tree is the responsibility of the City, and any requests for maintenance of verge trees can be forwarded to Customer Service on 9792 7000 or records@bunbury.wa.gov.au

The City takes requests for street trees year round, however planting of the trees only occurs in winter (July/August).

There is a limited number of trees available each year. If your request for a tree(s) cannot be accommodated this winter, your request will be prioritised for planting the following year.

## APPLICATION

Please provide information in the fields below to complete your request for a street tree(s).

Property owner name/s

Primary contact number

Address- the address of the property where the tree(s) may be planted.

Would you like trees planted on the property verge?

Yes, I would like tree(s) planted on the verge.

No, I would NOT like tree(s) planted on the verge (Do not progress any further)

Are you willing to water tree(s) while they are establishing?

(Twice a week during the summer following planting, and additional watering if tree shows signs of wilting)

Yes

No

Are there any Power Lines on your verge?

Yes

No

Tree Placement- Do you have a preference for the planting location of the tree(s) on the verge?

The City will endeavour to carry out planting in all preferred locations wherever possible. However, there may be factors such as location of utilities and/or driveway setbacks that could impact on the preferred location(s) causing either the location to be changed or planting may not be able to be carried out at all.
