

Local Auspice Organisations

The following is a list of not-for-profit organisations that have auspiced grant applicants in the past.

Individuals looking to apply to the City for funding are required to be auspiced. Applicants are required to contact the relevant auspice organisation and ensure an agreement is in place before submitting an application.

It is at the discretion of the Auspice organisation if they support the individuals initiative or event and there may be a charge by the auspice.
