LOCAL PLANNING POLICY - PROVISION AND LOCATION OF PUBLIC ART FOR MAJOR DEVELOPMENT PROPOSALS

PURPOSE:

To encourage provision of Public Art works with major Development proposals throughout the City.

To provide guidelines for determining the location, construction and maintenance requirements for Public Artworks.

OBJECTIVES:

To encourage provision of Public Art in the Development of the City. To utilise Public Art to provide focal points with a view to improved tourism potential and visual amenity throughout the City.

Recognise and enhance the Historic, Water, Maritime and Heritage themes of the City through provision of Public Art throughout the City.

To enhance local parks, recreation reserves, local road reserves and significant local focal points through the provision of Public Artworks.

GUIDELINES:

The City will encourage developers of major resort and commercial developments and residential or industrial estates within the City to incorporate Public Artworks within the overall development proposal.

Public art works may be located within the development area or adjacent sites, reserves or locations to the satisfaction of the City

Council will encourage provision of additional Public Artworks within the Central Business District expanding the theme of Public Artworks on roundabouts in the CBD, along the Coastal areas of the City and within local parks and recreation reserves.

Public Art may take the form of freestanding (or freeflowing) objects located on the ground, on a supporting structure or suspended in the air. Elements integrated into the surfaces of a building facade and internal or external paving.

Public Artworks should be site specific, relating to the use and identity of the location, building or open space within the broader context for the

themes for the City.

Materials used in Public Artworks are to be durable and appropriate for use in a public area. Works are to be treated with anti graffiti coatings as may be appropriate.

The design and construction of the artwork, should be appropriate to the need for public safety.

Maintenance responsibility for the Artwork is to be determined at the time of commissioning

A conservation and maintenance repair report should be completed by the Artist following completion of the artwork and lodged with the City.
