Tender No.	RFT2122/013	Tender Title	City of Bunbury Website
Brief description of goods or services required:	<p>The <i>Transformation Project – Website (the Project)</i> will replace City of Bunbury’s website with a redesigned, engaging, and adaptable online hub for the community to access City information and services. The website redesign and rebranding will support and develop the City’s brand ambitions and build reputation within the community as a digital service provider. The new website will be the beginning of the City’s journey to provide digital services that seamlessly engage and connect business, investors, visitors, and our community to information, services, and each other.</p> <p>The Project will implement a new website with increased functionality and self-service options. The new website will provide a significantly improved user experience with a focus on personalisation and findability of information and services. The new website will serve as a trusted, accessible, and centralised online location that empowers end users with access to all City information and services in one location.</p> <p>The benefits of the project are improved the reputation, improved service delivery through digital channels, enhanced ability to understand and meet customer expectations, and the more effective use of resources with greater self-service options available to customers.</p> <p>Additionally, the Project will establish the City’s improved online presence and the foundation of our digital service channel - a dependency for several other initiatives and benefits. The data and analytics provided through contact with our community via a modern website will provide the City with a greater ability to engage our community and understand community needs and interests.</p>
