WASTE AUTHORITY
 WA - TOO GOOD TO WASTE

The green bin is for FOGO. The yellow bin is for recycling. The red bin is for landfill. Please see the Waste Calendar on the back of this calendar.

COLLECTION DAYS

COLLECTION OF YOUR BINS

Two bins should be put out each week

- FOGO and Recycling one week
- FOGO and Landfill the next week

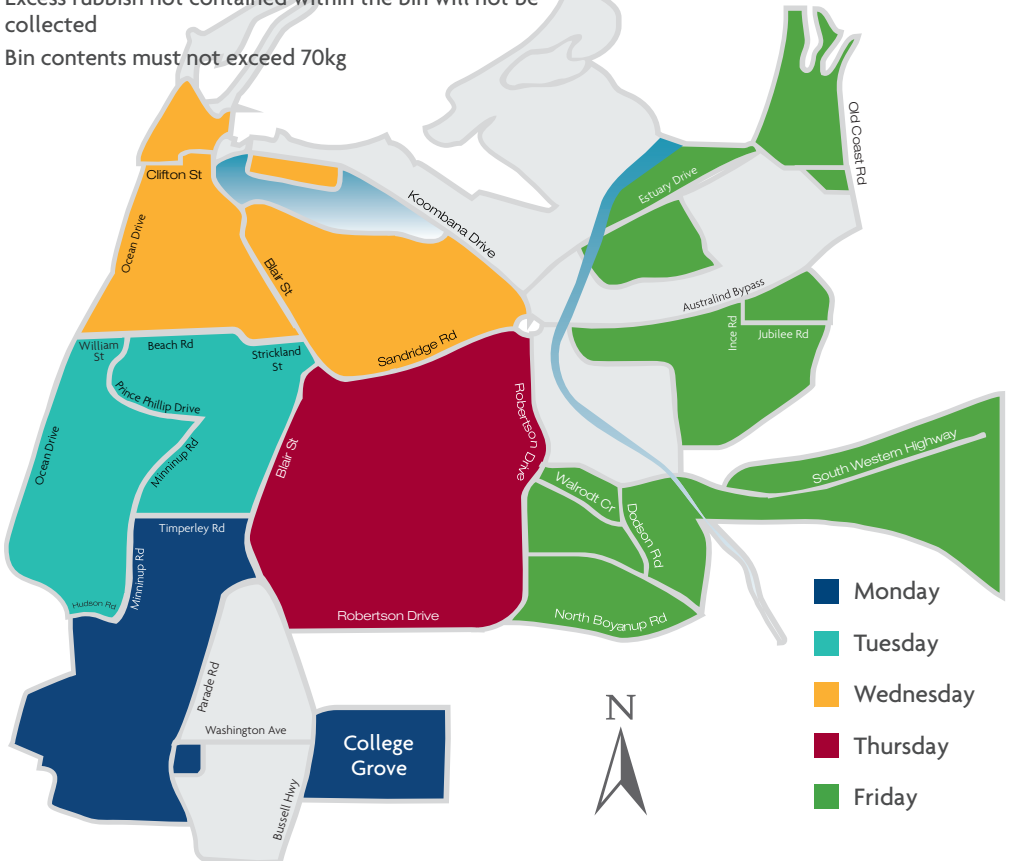

If your collection falls on Good Friday or Christmas Day, your bin will be collected the following day.

COLLECTIONS BEGIN AT 6AM

- The bin should be placed within 1 metre from road verge, 0.5 metre between bins and away from other obstructions like overhanging trees, power lines and footpaths
- The hinge/handle should be placed away from the road
- The lid should be closed. Do not overfill bin
- Contents sorted correctly into the right bin
- Excess rubbish not contained within the bin will not be collected
- Bin contents must not exceed 70kg

ATTENTION To avoid missed collections, please place your bins out the night before.

WASTE SERVICES

DID YOU KNOW? You can opt for a smaller bin?

Swap your 240L for a 140L household bin, reduce your waste to landfill and save on rates.

The City's FREE 'My3Bins' app has all the information you need to start low-waste living, including an A-Z on what goes where, directions to local businesses with sustainable, low-waste solutions in place and other information on bin collection schedule changes. Download today.

What to do if your bin is not collected

If your bin is not collected, it may be because it was contaminated with the wrong materials, it was too heavy, or it was put in a location where the truck was unable to access it. If this is the case, we will leave a sticker on your bin and a letter in your mailbox letting you know why we were unable to collect it.

If we haven't picked up your bin by 2.30pm on your scheduled bin day and no sticker or letter has been left, we may have accidentally missed your bin. Please contact Waste Services on 9792 7333.
