

Candidate Details

Ballot paper name	DRUMMOND, Joshua
Candidate name	Joshua Kyle DRUMMOND
District	City of Bunbury
Nominating for	Councillor for City of Bunbury
Election type	Ordinary
Enrolment status	DRUMMOND, Joshua is eligible to stand for election as a resident of the City of Bunbury.

As a Bunbury local, the choice to return home after a decade of academic and professional pursuits was remarkably simple; to live in such a beautiful place with unrivalled opportunity.

I have a Bachelor of Science, a Graduate Diploma of Education, currently serve as a member of the Newton Moore SHS Board, and have previously sat on State and National Advisory Committees for child safety in Sport.

I currently work in the property industry, providing me with invaluable insights into the current housing crisis.

Love of Bunbury's scenic beaches and my continued involvement at the City of Bunbury Surf Life Saving Club make coastal protection a high priority for me.

Through watching and working in my parent's business, I have developed a profound work ethic and a sharp business acumen, and when combined with my community connections, I will offer a rational voice to foster Bunbury's continuing transformation.

My Priorities:

As a prospective candidate for Council, I believe a rational approach needs to be adopted, one that takes the pressure of ratepayers in the area whilst also encourages the continued development of the City through the activation of the City's assets and the development of additional funding models.

1. CBD Activation and Revitalisation

- Reduce red tape to encourage greater development of residential and commercial property in the City of Bunbury;
- Encourage the development of our coastal strip into viable residential and commercial opportunities; and
- Advocacy for the development of inner-city residential accommodations thus providing greater after hours activations.

2. Tourism and Destination Strategic Planning

- Development of greater tourism offerings encouraging out of town visitors to frequent Bunbury;
- Attract high profile tourism-related events that encourage visitors to Bunbury all year round.

3. Economic Development

- Seeking alternative funding sources so as to reduce rates imposed upon ratepayers within the City of Bunbury;
- Advocacy for a more efficient approach to the operational costs of local government;
- Encourage the development of innovative incentives to address the vacancy issues in the CBD.
