CITY OF BUNBURY APPLICATION BUILDING & DEVELOPMENT SERVICES KERB & FOOTPATH DAMAGE REPORT

PUBLIC SAFETY REQUIREMENTS:				
Where a footpath is lifted or damaged, or temporary crossing is provided, it must be made (and kept) safe for pedestrians by the Applicant.				
The Appl	icant shall: -			
a)	a) Provide, grade and roll gravel or limestone to prove clear and dray passage.			
b)	Erect and maintain caution signs for the advice of the public.			
c)	c) Keep the works clear of all hazards and obstructions until the Engineering Department is advised that the works are complete and the footpath is to be re-instated.			
d)	d) Carry out any instructions given by Engineering Department which specify corrections, or maintenance required at or about the crossing.			
e)	Accept respo	onsibility for costs if the City is forced to take corrective action for the safety of the public.
